WHAT'S HOLDING YOU BACK?

“I'm afraid I don't  
have the time.”

## BROADWAY COLLECTIVE STUDENT, JESSY, HAD THE SAME QUESTIONS YOU DO.

Jessy was juggling a lot as a high school student and didn't want to commit to something that wasn't worth what little time she did have available to her.

- How could she fit our program into her schedule with all of her extracurricular activities?
- She is already training locally. Is this additional time investment really worth it?

But she liked that our program was flexible and could be done on her own time as long as she set aside 3-5 hours a week to complete her coursework.

So...she took a leap of faith.

**And guess what? Jessy saw BIG results.**

"I didn't know if this would be worth the time. I loved that this training could be done on my own time so I took a leap of faith. I cut out what wasn't working locally and committed to training with Broadway performers weekly, and got into my dream college and even landed a lead role freshman year!"

## DO YOU WANT BIG WINS LIKE JESSY BUT ARE UNSURE OF HOW TO FIT OUR PROGRAM INTO YOUR SCHEDULE?

Set aside 10-15 minutes to really ask yourself the following questions:

————— **What am I currently dedicating my time to that is serving me the most?**

————— **What am I currently dedicating my time to that is serving me the least?**

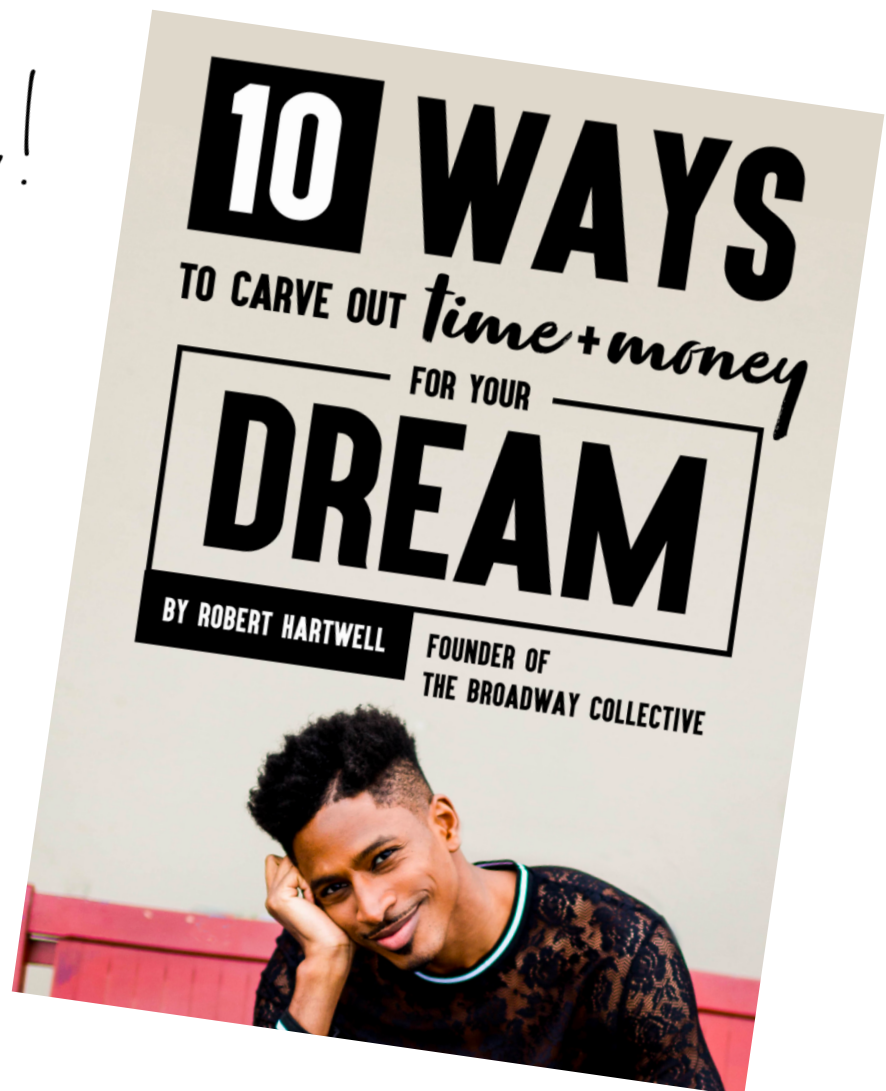

————— **Where can I best fit 3-5 hours of time into my schedule for the Broadway Collective each week?**

If you are able to find just 3-5 hours each week for Hello Broadway Live, we know you will get huge results. We would love to have you join us!

**LAUNCH  
TO LAND**

We are teaching our students at Gathered how to market their skills even as an artist-at-home. Launch To Land helps students create and launch their own website so they can start presenting themselves as the professional up-and-coming performers they are! Students will walk away with a valuable working knowledge of how to take control of and take pride in their digital presence because ultimately: your name is your brand and we're gonna give you the tools to own it at Gathered.

Launch to Land was created by The Broadway Collective Brand Architect Becca Haden.

The Tony Award-winning Broadway Inspirational Voices (BIV) is a diverse, professional choir of Broadway artists, united to change lives through the power of music and service.

This summer our Gathered students will coach and perform a special ensemble piece from BIV's Broadway Our Way series.

In addition to numerous concerts, the Grammy-nominated choir has performed with award-winning artists such as Mariah Carey, the Yeah Yeah Yeah's, STING, Elton John, Vanessa Williams, Heather Headley, Billy Porter. BIV has been featured on The David Letterman Show, The Rosie O'Donnell Christmas Special, multiple Tony Awards Telecast, Smash and America's Got Talent.
